# Melanie Styczynski celebrates 30 years of dedication in the healthcare industry

Melanie Styczynski of BodyWorks & Laser Clinic, located at 721 Cardinal Lane Suite 200, celebrates 30 years as a healthcare professional.

Over 30 years ago, Melanie Styczynski began her journey in the healthcare field at Howard Chiropractic Clinic with the goal of helping people. She started as a receptionist and, motivated by her desire to contribute meaningfully to directly aid patients, she obtained her certification as a chiropractic technician.

Under the guidance of Dr. Dennis King, Melanie developed extensive insights into the musculoskeletal system. Her role evolved, showcasing not only a keen ability for palpation but also a genuine dedication to patient well-being. Recognizing her exceptional skills, Dr. King encouraged her to explore therapeutic massage.

Embracing the opportunity, Melanie went back to school and achieved her license in massage, and National Board Certification in Therapeutic Massage and Bodywork. Her expertise includes a range of techniques such as myofascial release, cranial release, neuromuscular therapy, hot stone, cupping, and lymphatic drainage. Melanie's empathetic approach to patient care sets her apart.

**NORTH SHORE BANK**

Apply by 4/30/2024. New Home Equity Line of Credit (HELOC) customers get 5.85% APR (Annual Percentage Rate) fixed rate through 5/31/2025. Existing HELOC customers can qualify for the promotional rate by applying to increase their current HELOC by at least \$15,000 and drawing \$15,000 at the time of loan closing. Auto-pay from North Shore Bank deposit account required to receive promotional rate. As of 1/1/2024, the non-promotional rate is 8.24% APR for a line more than \$25,000 and assumes a no closing cost transaction with a loan-to-value not to exceed 80% and auto-pay from a North Shore Bank deposit account. This home equity line of credit is a variable rate loan with a maximum rate of 10.90% APR and a minimum rate of 4.00% APR after the promotional rate expires. The variable rate is Wall Street Journal Prime rate plus a margin, depending on the loan amount, with a floor rate of 4.00%. Early termination fee applies. Homeowners insurance is required. Paying the minimum allowed only monthly payments will not repay the principal that is outstanding on your line; you will be required to pay the entire outstanding balance in a single payment (balloon payment) at the end of the initial 10-year loan term, or the end of any extensions or renewals granted by North Shore Bank, or when you terminate the line. A \$60 annual fee may apply. Closing costs may be charged for loans exceeding \$100,000. Subject to loan approval. For new Home Equity Lines of Credit only. Member FDIC. Equal Housing Lender.

# Bank of Luxemburg announces promotions

## Lisa Schwalen promoted to Assistant VP of Retail

Bank of Luxemburg is pleased to announce the recent promotion of Lisa Schwalen to the position of Assistant Vice President of Retail.

Schwalen has worked with the Bank for 9 years. Before her current role, Schwalen served as Bank of Luxemburg's Retail Market Manager, overseeing the staff, deposit account activity and teller operations in the Bellevue and Howard branches.

As AVP of Retail, Schwalen will oversee and work with all retail managers throughout the Bank's branches, helping to develop strategies to achieve growth and to ensure effective delivery of services. Schwalen is well-versed in multiple areas

of the industry, having started as a teller-supervisor 19 years ago at another institution, serving in several roles, including branch manager.

"Lisa's extensive experience within the industry has given her the kind of strengths and abilities that are a perfect fit for this leadership role," said Tim Trembl, Bank of Luxemburg President. "Our retail management team is in excellent hands as she leads them forward in delivering current and new services to our valued customers."

Schwalen said she's thrilled for the opportunity to assist branches in developing new strategies, products and services. "One of the exciting aspects of this role is the ability to be involved in every part of

creating and rolling out new products," Schwalen said. "I'm looking forward to working with our retail teams on adding value for our customers."

Schwalen, who grew up in Luxemburg, appreciates the Bank's ability to make decisions locally and to offer face-to-face customer service. "Our ability to answer customer inquiries with one visit to our offices — or with one phone call — is huge in delivering top customer service," she said.

Schwalen is active with the Luxemburg Chamber of Commerce, the Bellevue Business & Professional Association, and serves on the Retail Committee of the Wisconsin Bankers Association.

Lisa Schwalen

Outside of work, Schwalen, her three daughters and her significant other, Jim, are involved in the IMCA Division of dirt track racing.

She will be based out of the Luxemburg office.

## Garrett Jesko promoted to Senior VP of Commercial Lending

Bank of Luxemburg is pleased to announce the recent promotion of Garrett Jesko to the position of Senior Vice President of Commercial Lending.

Jesko has been with the Bank for 14 years. In addition to building one of the largest portfolios in the Bank, Garrett has played an integral role in the Bank's growth, having served on and led various teams and committees over the years.

Garrett will continue to play a key role in assisting busi-

ness customers with their financial needs and will be actively involved in helping develop the commercial lending team. Going forward, he will be based out of the Luxemburg office.

"It's been an honor these past years to be able to help out small business owners start or expand their businesses," Jesko says. "In my new role, I am excited about making a positive impact in the bank and in the local communities."

Jesko grew up in the

Waupun area and relocated to Northeast Wisconsin for his position with the Bank. In his spare time, he and his wife and three children enjoy spending time at their cottage near Wisconsin Rapids.

"We are grateful for Garrett's dedication to helping small businesses thrive throughout Northeastern Wisconsin," said Tim Trembl, Bank of Luxemburg President. "We know our team of lenders will benefit from his strong experience and vibrant leadership."

# New 5k run/walk is dog-friendly

There's a new 5k coming to Suamico this spring. Paramount Run Club and Paramount Physical Therapy & Training will be hosting the 1st Annual Paramount Berner 5k Run/Walk on Saturday, May 18th.

Paramount Run Club was started in Summer of 2023 to build community around running in the Greater Green Bay Area — and hosting this event is just one example of

the success that has come to the club since its inauguration less than one year ago.

The run/walk will start and end in Historic Downtown Suamico at Vickery Village. It's an event open to all levels and abilities — runners, walkers, kids, and even dogs! That's right — this will be a dog-friendly event. So bring those furry friends along for this one and get that walk in for the day.

The event proceeds will benefit the Paramount Run Club in helping to support more events to build the running and outdoor recreation community in Howard-Suamico.

Scan the QR code for ticket information. Tickets are going fast, so don't miss your opportunity to be a part of this inaugural event — seriously, those dogs will thank you!

# Fire! In the trash can!

submitted by Chris Blau, Brown County Resource Recovery Technician

Would you throw a lit match into your trash or recycling bin? Of course not! But when you dispose of a battery or battery containing device in one of those bins the risk of fire becomes all too real, and fires are happening way too often.

When a battery is damaged, it can cause the internal cells to overheat and combust causing a fire. Even the smallest button cell battery has the potential to cause a major fire within your home, material recovery facility or at a landfill. Additionally, when a battery does make its way to a landfill, the valuable internal metals (cadmium, cobalt, lithium or lead) are lost. When batteries are kept out of landfills these precious metals are recovered and reused.

Batteries and battery containing devices should be brought to a facility, such as the Hazardous Material Recovery (HMR) facility, where

they can be properly collected, recycled and/or disposed of in a safe manner. At Brown County Resource Recovery's HMR facility, household batteries such as button cell, AA, AAA, C, D, F and lithium ion, nickel cadmium, nickel metal-hydride and any rechargeable battery are accepted for FREE with the Batteries NOW Included program.

The program also accepts battery containing devices for free. Battery containing devices are devices that are NOT designed to have the internal battery removed or replaced by the consumer. Examples of battery containing devices include cell phones, Bluetooth speakers, wireless headphones, tablets, electric toothbrushes, and portable chargers.

While battery powered devices — devices designed for the consumer to replace the battery — can also be brought to the HMR facility, only the battery will be accepted for free. The device itself may be subject to a fee for disposal. Examples of battery powered

devices include remotes, many children's toys and wireless keyboards or mice.

Because we use batteries and battery containing devices every day, it can be easy to forget how truly powerful a battery is. But the next time your power tool stops working, or your electric razor no longer turns on, remember that even a dead battery still has the capacity to create a major problem when disposed of in your trash or recycling.

cycling.

Brown County residents are welcome to visit the Hazardous Material Recovery facility on Tuesdays from 9:00 a.m. to 3:00 p.m. or Thursdays from noon to 6:00 p.m. to dispose of household batteries and battery containing devices for free. The HMR facility will also accept a variety of other hazardous materials.

To learn more about hazardous materials, please visit browncountyrecycling.com.

# How are your investments taxed?

submitted by **Lee Schram**,  
**CEPA®**, **AAMST™**, **Financial**  
**Advisor Edward Jones**

As we begin the new year, you may be receiving various tax statements from your financial services provider — so it's a good time to consider how your investments are taxed. This type of knowledge is useful when you're doing your taxes, and, perhaps just as important, knowing the type of taxes you generate can help you evaluate your overall investment strategy.

To understand the tax issues associated with investing, it's important to understand that investments typically gener-

ate either capital gains or ordinary income. This distinction is meaningful because different tax rates may apply, and taxes may be due at different times.

So, when do you pay either capital gains taxes or ordinary income taxes on your investments?

You receive capital gains, and pay taxes on these gains, when you sell an investment that's increased in value since you purchased it. Long-term capital gains (on investments held more than a year) are taxed at 0%, 15% and 20%, depending on your income. Also, qualified dividends — which represent most of the dividends paid by American

companies to investors — are taxed at the same rates as long-term capital gains. (Keep in mind that you'll be taxed on dividends even if you automatically reinvest them.)

On the other hand, you pay ordinary income taxes on capital gains resulting from sales of appreciated assets you've held for one year or less. You also pay ordinary income taxes when you receive "ordinary" dividends, which are paid if you purchase shares of a company after the cutoff point for shareholders to be credited with a stock dividend (the ex-dividend date).

Because your ordinary in-

come tax rate may be much higher than even the top long-term capital gains rate, you may be better off, from a tax standpoint, by focusing on investments that generate long-term capital gains. And the best strategy for doing just that is to buy quality investments and hold them for the long term. By doing so, you could also reduce the costs and fees associated with frequent buying and selling.

The investment tax situation has another twist, though, because not all ordinary income is taxable — and if it is, it may not be taxable immediately. The most common example of this is tax-deferred accounts, such as a traditional

IRA and 401(k). When you take money from these accounts, typically at retirement, you'll pay taxes at your personal tax rate, but for the years and decades before then, your taxes were deferred, which meant these accounts could grow faster than ones on which you paid taxes every year. Consequently, it's generally a good idea to regularly contribute to your tax-advantaged retirement accounts.

Finally, some investments and investment accounts are tax free. Municipal bonds are free from federal income taxes, and often state income taxes, too. And when you invest in a Roth IRA, your earn-

ings can grow tax free if you don't start taking withdrawals until you're at least 59½ and you've had your account at least five years.

Ultimately, tax considerations probably shouldn't be the key driver of your investment choices. Nonetheless, knowing the tax implications of your investments — specifically, what type of taxes they may generate and when these taxes will be due — can help you evaluate which investment choices are appropriate for your needs.

## A better smile. A better self!

McKenzie is a patient who had missing, misaligned and discolored teeth. In addition to dental bridges, her bright new smile was achieved using porcelain veneers. Thanks to Dr. Meyer and the staff at First Impression Dental, McKenzie happily states: "I haven't smiled this much in years!"

Aesthetic porcelain veneers are a long-lasting, natural-looking solution that will cover up imperfections like chipped, crooked or misshapen teeth, misaligned or gapped teeth, pointy teeth and small-looking teeth or badly discolored and stained teeth. The cosmetic dental procedure uses wafer-thin coverings bonded to the front of your teeth virtually identical to tooth enamel.

Veneers will improve the appearance of your smile, which can even boost confidence and self-esteem! **Call today to schedule your free consultation.**

# Brown County starts work on Lineville Road project

The Brown County Highway Department signed a \$9,581,485 contract to improve County Highway M/Lineville Road in the villages of Howard and Suamico. Construction started on Monday, March 25, 2024. This is a two-year project. The construction in 2024 is from Belmont Road to the railroad crossing west of Velp Avenue. 2025 construction will be from Velp Avenue to US 41. Michels Road & Stone located in Brownsview, WI is the prime contractor.

### Project Improvements

This is a reconstruction project of CTH M/Lineville Road from Belmont Road to US 41 interchange. CTH M

will be expanded to 4 lanes with a twelve-foot asphalt multi use trail located along the north side from Belmont Road to West Deerfield Road. The roundabouts will be re-constructed at Rockwell Lane, Cardinal Lane, Velp Avenue, at Festival Foods/mini-mall access and Cornell Road to accommodate the new four lane roadway.

### Traffic Impacts

Phase 1 of the project will occur April to July, 2024 which will include Belmont Road to 300' west of Cardinal Lane. Traffic within this area will be restricted to local traffic only with access to all properties.

- Access to the Lineville Intermediate School parking lot will be maintained from Belmont Road and Cardinal Lane (except as noted below), with no access (a full closure) to CTH M/Lineville Road.
- The north leg of Cardinal Lane, from just north of the Lineville/Cardinal roundabout to just south of Garden Lane will be closed after the 2023/24 school year.
- Access to the Bay Port High School parking lot will be from Belmont Road and Cardinal Lane during Stage 1; except during north leg of Cardinal Lane construction, where access from Cardinal Lane will be limited to only the points north of Garden Lane.

ited to only the points north of Garden Lane.

Phase 2 of the project will commence after the full completion of Phase 1 later this year. The second stage of the project this year will include the portion of Lineville Road from Cardinal Lane to the railroad crossing west of Velp Avenue. Traffic within this area will be restricted to local traffic only with access to all properties.

- The Cardinal Lane roundabout will be under construction and closed to thru traffic.
- CTH M/Lineville traffic will be restricted to a single westbound lane between Condor Lane and Velp Avenue, with local access maintained from adjacent side roads for any properties within the closed roadway section.

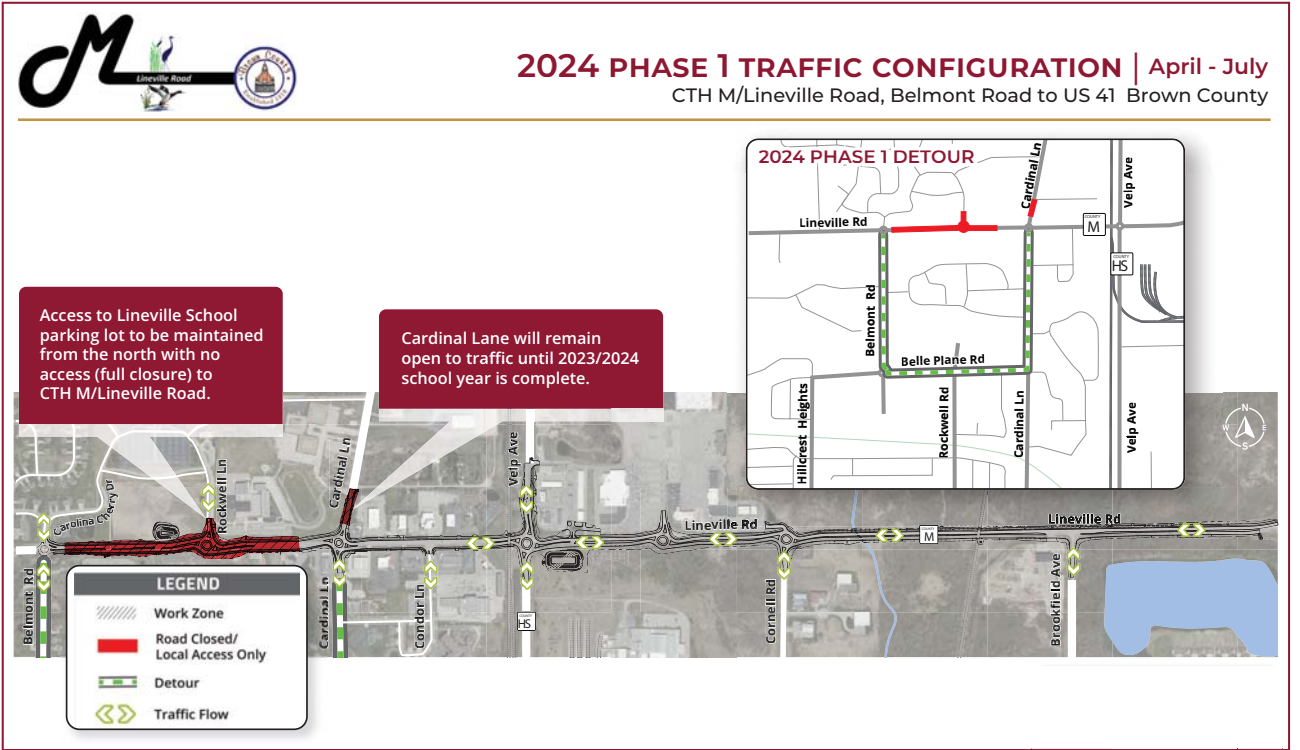

### Project benefits

The new CTH M/Lineville Road project will relieve congestion and provide an expanded roadway to accommodate the traffic volumes as well as improve safety by updating the road to current design standards. Lineville Road serves as a gateway to the communities of Howard and Suamico and the businesses along this route. The pedestrian facility will provide a safe walkway for all users to access businesses and schools.

### More information

Scan the QR code for up-to-date project information and the link for updates on X (formerly known as Twitter). Information related to the 2025 construction schedule and traffic impacts will be announced later.

# Port of Green Bay shipping season off to an early start

## Winner of the First Ship Contest announced

The first ship of the season has arrived in the Port of Green Bay officially kicking off the 2024 shipping season. On Sunday, March 10th at 10:38 a.m., the Margaret with Tug Albert arrived with a delivery of petroleum products to U.S. Venture.

"It's an early start this shipping season. In fact, this is the earliest Port opening in my 25 years here," said Dean Haen, Port Director. "With it officially underway, we're looking forward to another great year for Great Lakes commerce! The big ships entering the Port of Green Bay provide economic stability for our region, along with plenty of enjoyment for ship watchers in the area!"

The arrival signals the close of the annual First Ship Contest hosted by the Port of Green Bay and Discover Green Bay. Mary Teddy of Suamico, Wisconsin won this year's contest with a guess of March 10 at 2:24 p.m. Mary has won a one-night stay and complimentary gift basket from St. Brendan's Inn; a Port of Green Bay swag bag; a 2024 Great Lakes Calendar by Chuck Zentmeyer; and a 200th Anniversary Brown County Monopoly Game.

"We congratulate Mary on winning this year's contest," Haen added. "And we'd like to give a shout out to all of the ship watchers in the area! Ship watchers share some great photos and video of the big ships on social media, and they're an engaged group." Anyone interested in ship watching is encouraged to view the ships from the Fox River Trail, the Green Bay Metro Boat Launch or other areas along the Lower Fox River.

Port security requirements do not allow public access on any port property.

Visit [portofgreenbay.com](http://portofgreenbay.com) to learn more about pending ship arrivals and on the Port of Green Bay's Facebook page.

Get ready to experience a whole new level of excitement and stress relief at “The UnSafe Space” located at

2331 Velp Avenue in Howard. This innovative entertainment hub promises an unparalleled experience for

individuals, groups, and teams looking to blow off steam, celebrate special occasions, and engage in thrilling

activities. “The UnSafe Space” is not your ordinary entertainment venue; it’s a haven for adven-

ture-seekers and those seeking an exhilarating escape from the ordinary. With an array of adrenaline-pumping activities and unique offerings, the establishment aims to redefine entertainment for ages 6 and up.

ing adventure within our 3,000-square-foot indoor arena. Engage in friendly battles and epic challenges with Gellyball, Knockeball, Cornhole, and even human foosball. Whether you’re competing with friends or engaging in team-building activities, “The UnSafe Space” offers an electrifying atmosphere where fun knows no bounds.

“The UnSafe Space” also provides indoor space to play your own games such as indoor soccer, cornhole and flag football. Depending on the usage, their 2,500+ square foot arena can accommodate up to 50 people.

Pictured above is one of the rooms at “The UnSafe Space” for a single rager or group of ragers. For larger bookings, participants will be split into groups of two between five rage rooms.

## Rage Rooms for Cathartic Release

Step into “The UnSafe Space” and release your stress like never before. Five specially designed rage rooms await, providing the ultimate setting to let loose, break things, and feel the cathartic rush that accompanies it. Whether you’re dealing with everyday pressures, seeking a unique date-night idea, or hosting a memorable party, our rage rooms offer an unforgettable experience.

## Party Room Extravaganza

Birthdays, bachelor/bachelorette parties, company gatherings, and team-building events just got a whole lot more exciting. Our versatile party room provides the perfect backdrop for all your celebratory needs. Customize your event, celebrate milestones, and create lasting memories in an environment that encourages camaraderie and enjoyment.

## Indoor Arena Adventures

Prepare for a heart-pound-

“We are thrilled to introduce ‘The UnSafe Space’ to the vibrant community of Howard,” says Peter Kretche, founder and visionary behind the concept. “Our mission is to provide a safe and controlled environment where individuals can let go of stress, bond with friends and colleagues, and create unforgettable memories. This is a space where people can experience a wide range of emotions, from laughter to exhilaration, all under one roof.”

“The UnSafe Space” is set to become a must-visit destination for locals and visitors alike. Discover a new world of entertainment, laughter, and connection, all centered around embracing the joy of letting go.

# Participate in the inaugural Duck Creek Triathlon

The Duck Creek Triathlon will debut on July 28 at Duck Creek Quarry Park. This fully supported, chip-timed sprint triathlon features a 750 meter swim in the popular Duck Creek Quarry, a 12-mile bike through scenic Howard and Suamico, and an out-and-back 5k run on the Mountain Bay Trail. There is also a two-person or three-person relay option.

The event is co-hosted by the Village of Howard and charity partner Greater Green Bay YMCA and is open to athletes of all levels.

Registration is available online through RunSignup until July 25th. Please register early to get the best deal and race swag. Registration is not available after July 25th or on race day.

Registration fees include race entry, a race logo swim cap and bike water bottle, a finisher’s medal, sponsor coupons, and post-race snacks and refreshments.

Each registrant will also receive a complimentary Duck Creek Quarry Beach admission wristband good for the 2024 season. Wristbands will be distributed to registered participants in mid-May.

Local businesses and volunteer organizations are also invited to participate in this community event.

Visit villageofhoward.com or scan the QR code for more information about race registration and sponsorship and volunteer opportunities.

# 16th Annual Taste of the Villages and Auction

The 16th Annual Taste of the Villages and Auction will take place on Thursday, April 18th, 2024 from 5:30 to 9:00 p.m. at 1951 West/Rock Garden. This event benefits the Howard-Suamico School District (HSSD) The Giving Tree. At HSSD, just under 600 students and their families are faced with hunger and the threat of homelessness. The

Giving Tree strives to lessen these challenges in an effort to give each child opportunities to succeed. The Taste of the Villages and Auction is the primary fundraiser for The Giving Tree. Monthly grocery basics, school supplies, holiday assistance, field trips, personal care items, and band/orchestra/music expenses are just a few of the items and services that are

provided to families using proceeds from this event.

If you would like to contribute to the success of this event, please contact The Giving Tree by phone or email to schedule drop off or pick up for gift basket and raffle donations and gift cards at 920-593-3484 or email givingtree@hssdschools.org. While they appreciate donations at any time, it will be helpful to receive items prior to April 4th so that they may utilize all elements in the most effective manner.

Taste of the Villages and Auction is made possible by the generous donations of our kind and caring community friends. Monetary donations, gift certificates, gift cards to restaurants, businesses and events, and silent/live auction items are still needed and greatly appreciated.

Food vendors for the 16th Annual Taste of the Villages and Auction include 1951

West, Anduzzi’s Sports Club, Bay Port Culinary Arts, Breadsmith, Festival Foods, Howard-Suamico School Nutrition, Jersey Mike’s Subs, Marco’s Pizza, Parker John’s BBQ & Pizza, The Candy Bar, and Townline Pub & Grill.

Please consider attending the Taste of the Villages and Auction on April 18th so you can enjoy a taste of the Villages while helping children in our community. Individual tickets may be purchased online by scanning the QR code.

# National Association of Realtors proposes \$418M settlement

**NAR President proposes \$418 Million settlement to benefit over one million members & provide a path forward**

*submitted by Jimmer Greguske, GoJimmer Real Estate*

National Association of Realtors president Kevin Sears made the announcement with details of the settlement. "This means a lot of changes in a short period of time", says Jimmer Greguske, Broker/Owner of GoJimmer Real Estate.

## The Sears announcement outlined 5 key items:

- NAR will pay \$418 million over the next four years, this will not affect the 2024 dues for its members
- Released from liability will be over one million NAR members, State and Local Realtor associations, association owned MLS's, and all Brokerages with a NAR member as the principal and less than \$2 Billion in

average annual transaction volume.

- Compensation offers moved off the mls. By mid-July of this year, NAR will prohibit "co-brokers" on the mls. Also, NAR will not create rules that allow listing agents to set compensation for buyer brokers.
- Written agreements for MLS participants acting for buyers. NAR has advocated for Buyer Agency agreements for years, now by mid-July, these agreements will be required prior to showing the buyer a home.
- NAR continues to deny any wrongdoing. In fact, these policies have benefited buyers and sellers, especially lower income buyers.

I give a lot of credit to the Realtors Association, Gre-

guske adds, "to dish out that much money, to protect that many members, all while feeling they did nothing wrong!"

It's all about commissions. Sellers have always considered interviewing several brokers as they look for a lower commission on their Listing Contract. I am sure glad to offer my full service business model "Simple: \$495 at Listing, and 1% at Closing", I think it's the best one in the business.

The path forward may be more challenging for the Buyer. My advice? Ask the seller if there is a co-broker offered, if none, have the listing broker show the home and save the difference. If there is a co-broker, use it to contract with a buyer's agent. Of course you can always pay for a buyer's agent out of pocket.

## Howard Commons Farmers Market seeks vendors

Since Spring has officially arrived, it is time to start soliciting vendors for the Howard Commons Farmers Market. That's right – a weekly farmers market is coming back to Howard and will be held under the Arnold

& Gloria Schmidt Pavilion at the Howard Commons Activity Complex. In order to ensure it is a success, your help is needed. Do you have a history of planting too large of a garden? Have you taken up baking as a

hobby? Enjoy making jewelry, candles, or other crafts? Want to teach the kids how to run a small-scale booth or shop? Howard Commons is looking for vendors who are willing to showcase their talents at their weekly market.

The market will be held on Monday evenings, from 5:00 to 8:00 p.m., June 3rd through September 30th. A 10'x10' booth space is just \$25 per week. There is a season discount if you want to be part of the festivities the entire sea-

son. For more information, or to request the application materials, please email [mmartinson@villageofhoward.com](mailto:mmartinson@villageofhoward.com) or call 920-393-2629. Don't wait – secure your spot.
